ALWAYS THE BEST PRICES!'

#1 Customer Service

LONG SPAN SHELVING

Blue Diamond has the best pricing guaranteed on Long Span Shelving. Sometimes referred to as 'mini pallet racking'. Long Span Shelving is a hugely popular warehouse, showroom and garage storage solution.

Long Span Shelving is long and strong, making it suitable for bulky products that are not going to be stored on pallets. It is easily adjustable without the use of nuts and bolts, the shelving just clips and slides to the tear-drop fix points.

We normally provide the shelving with 18MM particle board because it is relatively cheap and very strong; we also offer a steel mesh system for customers who can't use the timber in their given application.

**Massive
461KG Per
Shelf!**

**From
\$226

- Full 2.0 m high
- 18mm water proof particle
- Commercial Grade
- Compare the quality and price

2m high x 450 deep x 1800mm wide **\$226** Extra Bay \$199
 2m high x 600 deep x 1800mm wide **\$257** Extra Bay \$229
 2m high x 600 deep x 2400mm wide **\$355**. Extra Bay \$322

MEZZANINE FLOORS

Blue Diamond is the leader in designing and installing mezzanine floors across WA. Warehouse floor space within any business is an absolute premium resource that needs to be utilised efficiently to drive profitability. Doubling the usable space of a warehouse from \$199 p/m makes absolute sense in many circumstances.

BACK-UP DIESEL GENERATORS

THE MOST COST EFFECTIVE BACK-UP POWER FOR BUSINESS!

Benefits of an automatic backup power system in the event of a power outage:

- No disruption to operating your business, lighting, machinery and computer system
- Gain a competitive advantage when your doors stay open to serve customers' needs in an emergency
- Keep your security system powered so your premises are protected from theft
- Maintain safety in an emergency with schools and public buildings able to operate as emergency shelters
- Keep refrigerators and freezers in continuous use so no loss of refrigerated goods

Our Cummins powered range is perfect for back up, construction and mining use.

These units can be optioned with a 24 hour bunded fuel tank, making it suitable for mining and other industrial applications.

The Cummins Engine and Stamford Alternator is backed by a 12 month international warranty.

Blue Diamond Support & Service

Blue Diamond offers a fully operational mechanical workshop based in Kewdale, Perth. We support the generators we sell with fully trained diesel mechanics and electricians on staff. We offer field service support and we can set up a Service Agreement with regular maintenance for your generator if required.

XTREME SERIES GENERATORS

Xtreme Reliability -

Airman Japan Designed Engineered and Manufactured for use in Rental, Construction and Mining.

Xtreme Efficiency -

Using only the best premium Japanese engines such as Kubota and Isuzu.

Xtreme Performance -

Maintenance Free brushless Alternator and minimal soundwave distortion for sensitive equipment use.

Xtreme Protection -

All Weather construction to eliminate rain penetration of the machine.

Xtreme Mobility -

Exceptionally compact and lightweight.

Xtreme Environmental Awareness -

Ultra Quiet (60 DB at 1 M range!) and meets Japans very tight emissions regulations.

Xtreme DIESEL GENERATORS

Powered by

ISUZU
Kubota

AIRMAN®

Blue Diamond Machinery Operates a Mechanical workshop. We are able to supply the Generators to a variety of specs, a typical example of basic mine spec below:

- Heavy Duty Environmental Bunding
- Fire Extinguisher
- Battery Isolator
- Heavy Duty Canopy
- Emergency stock
- Outlets with RCD Protection

Xtreme Back Up -

Not only are these ultimate Generators supported by 12 month International Warranties but Blue Diamond Machinery operates a mechanical workshop and has mobile field support.
