

Blue Diamond Mine Spec Piston Air Compressor

Mine Spec Piston Air Compressor - Diesel 10 HP 44 CFM 160L 145 PSI

Mine Spec Inclusions

- Isolator
- Emergency stop button
- Fire extinguisher
- Local certified relief valve

Specifications

- Pump: 3090
- Designed for continuous duty.
- Deep finned cast iron cylinders, cooler tubes ensuring superior heat dissipation for higher operating efficiency.
- Displacement: CFM: 44 & 1246 L/Min
- FAD (Free Air Delivery): 35 CFM & 975 L/Min
- Compressor Drive: TWO B V-BELT
- Rpm: 850
- Totally enclosed belt guard for utmost safety.
- Air receiver, conforming to Australian Standards AS1210.
- Large canister intake filters with replaceable filter elements.
- Engine: 10 HP YANMAR Diesel Engine
- Pressure: 145 PSI
- Tank size (L): 160 L
- Convenient manual operated drain tap located midway underside of air tank.
- Convenient oil sight glass and oil drain.
- Efficient air filter to ensure clean intake air for long service life.
- High efficiency reed valves for maximum performance.
- Noise @ 7M: 92db

Dimensions & Weight

- Packaging dimensions: 143x60x126cm
- Weight: 199 KG

2 Year Warranty

At Blue Diamond, we are extremely confident in the quality of the Air Compressors we distribute, which is why we offer 24/7 Australia Wide Support and provide Industry Leading Warranties throughout our entire Piston Air Compressor range.
